Index of the John "Raccoon" Smith marriage records, 1815-1853

This is an index to the marriage records of Elder John "Raccoon" Smith, the originals of which are contained in collection 96SC58 in the Kentucky Historical Society's Special Collections. The index is arranged alphabetically by groom's surname, and includes the name of the bride, county, date, and which file in the collection contains the original record. The collection includes 13 files, and records from Bath, Bourbon, Clark, Fayette, Fleming, Montgomery, Scott, Wayne, and Woodford counties, although the majority of the records are from Montgomery County.

These records are also available on microfilm in the KHS Library on reel numbers 82-0037 and 82-0038 (Clift no. 1133).

The information contained in this index is also available in a card index, which can be requested at the library reference desk.

For more information about the library, including our hours, or to contact our staff, please visit the Kentucky Historical Society website listed below.
